'School and Community Working Together'

ICT Use Agreement for Students Years 3 and above

Dear Parent/Caregiver,

The measures to ensure the cyber-safety of Lucindale Area School are based on our core values. To assist us to enhance learning through the safe use of information and communication technologies (ICTs), we are now asking you to read this document and sign the attached Use Agreement Form.

Rigorous cyber-safety practices are in place, which include cyber-safety Use Agreements for staff and students, who have been involved in the development of the agreement. Child protection education, such as the Keeping Safe child protection curriculum, includes information about remaining safe when using new technologies and is provided to all students.

The computer network, Internet access facilities, computers and other ICT equipment/devices bring great benefits to the teaching and learning programs at Lucindale Area School, and to the effective operation of the school. The ICT equipment is for educational purposes appropriate to this environment, whether it is owned or leased either partially or wholly by the school, and used on or off the site.

The overall goal of Lucindale Area School is to create and maintain a cyber-safety culture that is in keeping with our values and with legislative and professional obligations. The Use Agreement includes information about your obligations, responsibilities, and the nature of possible consequences associated with cyber-safety breaches that undermine the safety of the school environment.

All students will be issued with a Use Agreement **and once signed consent has been returned to school**, students will be able to use the school ICT equipment.

Material sent and received using the network may be monitored, and filtering and/or monitoring software may be used to restrict access to certain sites and data, including e-mail. Where a student is suspected of an electronic crime, this will be reported to the South Australia Police. Where a personal electronic device such as a mobile phone is used to capture images of a crime, such as an assault, or to take part in a reportable cyber incident, the device will be confiscated and handed to the police.

While every reasonable effort is made by schools and DECD administrators to prevent student's exposure to inappropriate content when using the department's online services, it is not possible to completely eliminate the risk of such exposure. In particular, DECD cannot filter Internet content accessed by your child from home, from other locations away from school or on mobile devices owned by your child. DECD recommends the use of appropriate Internet filtering software.

More information about Internet filtering can be found on the websites of the Australian Communications and Media Authority at <http://www.acma.gov.au>, NetAlert at <http://www.netalert.gov.au>, the Kids Helpline at <http://www.kidshelp.com.au> and Bullying No Way at <http://www.bullyingnoway.com.au>.

Please contact the principal, if you have any concerns about your child's safety in using the Internet and ICT equipment/devices.

Important terms:

'**Cyber-safety**' refers to the safe use of the Internet and ICT equipment/devices, including mobile phones.

'**Cyber bullying**' is bullying which uses e-technology as a means of victimising others. It is the use of an Internet service or mobile technologies - such as e-mail, chat room discussion groups, instant messaging, webpages or SMS (text messaging) - with the intention of harming another person.

'**School ICT**' refers to the school's computer network, Internet access facilities, computers, and other ICT equipment/devices as outlined below.

'**ICT equipment/devices**' includes computers (such as desktops, laptops, PDAs), storage devices (such as USB and flash memory devices, CDs, DVDs, floppy disks, iPods, MP3 players), cameras (such as video and digital cameras and webcams), all types of mobile phones, gaming consoles, video and audio players/receivers (such as portable CD and DVD players), and any other, similar, technologies.

'**Inappropriate material**' means material that deals with matters such as sex, cruelty or violence in a manner that is likely to be injurious to children or incompatible with a school environment.

'**E-crime**' occurs when computers or other electronic communication equipment/devices (eg Internet, mobile phones) are used to commit an offence, are targeted in an offence, or act as storage devices in an offence.

Strategies to help keep Lucindale Area School Students Cyber-safe

Parents/caregivers play a critical role in developing knowledge, understanding and ethics around their child's safety and safe practices for themselves and the people around them regardless of the time of day. Being cyber-safe is no exception and we invite you to discuss with your child the following strategies to help us stay safe when using ICT at school and after formal school hours.

1. I will not use school ICT equipment until my parents/caregivers and I have signed my Use Agreement Form and the completed form has been returned to school.
2. If I have my own user name, I will log on only with that user name. I will not allow anyone else to use my name.
3. I will keep my password private.
4. If I am unsure whether I am allowed to do something involving ICT, I will ask the teacher first.
5. While at school or a school related activity, or anytime involving students from the school, I will inform the teacher of any involvement with any ICT material or activity that might put me or anyone else at risk (eg bullying or harassing).
6. I will use the Internet, e-mail, mobile phones or any ICT equipment only for positive purposes, not to be mean, rude or offensive, or to bully, harass, or in any way harm anyone else, or the school itself, even if it is meant as a joke.
7. I will use my mobile phone/s only at the times agreed to by the school during the school day.
8. I will only use ICT equipment (including the internet and computer rooms) at school only when a teacher gives permission and an adult is present. Year 11 and 12 may use computer rooms in free lessons without staff being present.
9. While at school, I will:
 - access, attempt to access, download, save and distribute only age appropriate and relevant material
 - report any attempt to get around or bypass security, monitoring and filtering that is in place at school.
10. If I accidentally access inappropriate material, I will:
 - not show others
 - turn off the screen or minimise the window
 - report the incident to a teacher immediately.
11. To ensure my compliance with copyright laws, I will download or copy files such as music, videos, games or programs only with the permission of a teacher or the owner of the original material. If I infringe the Copyright Act 1968, I may be personally liable under this law. This includes downloading such files as music, videos, games and programs. This includes plagiarism.
12. My privately owned ICT equipment/devices (all devices), such as a laptop, mobile phone, USB/portable drive I bring to school or a school related activity, also is covered by the Use Agreement. Any images or material on such equipment/devices must be appropriate to the school environment.
13. Only with permission from the teacher will I connect any ICT device to school ICT, or run any software (eg a USB/portable drive, camera or phone). This includes all wireless/Bluetooth technologies.
14. I will ask my teacher's permission before I put any personal information online. Personal identifying information includes any of the following:
 - my full name
 - my address
 - my e-mail address
 - my phone numbers
 - photos of me and/or people close to me.
15. I will respect all school ICTs and will treat all ICT equipment/devices with care. This includes:
 - not intentionally disrupting the smooth running of any school ICT systems (i.e. Leave all equipment in place)
 - not attempting to hack or gain unauthorised access to any system
 - following all school cyber-safety strategies, and not joining in if other students choose to be irresponsible with ICTs
 - reporting any breakages/damage to a staff member.
 - Log off your workstation (turn off if a notebook or end of day) and leave work area tidy at the end of your session.
 - Follow set procedure for borrowing and returning of notebooks (which are to be used on school grounds only)
 - Eating or play inappropriately near the computers
 - Unplugging any computer cables or peripherals and use them for anything other than the computer they are allocated to.
 - Power and other cords will not be run across walkways and will comply with WHS requirements including current electrical tags

16. The school may monitor traffic and material sent and received using the school's ICT network. The school may use filtering and/or monitoring software to restrict access to certain sites and data, including e-mail.
17. The school may monitor and audit its computer network, Internet access facilities, computers and other school ICT equipment/devices or commission an independent forensic audit. Auditing of the above items may include any stored content, and all aspects of their use, including e-mail.
18. As part of your enrolment, you will receive a printing allocation which entitles you to print curriculum work. Exceeding this allocation may result in loss of printing privileges or require you to purchase additional printing.
19. It is the students responsibility to maintain their allocated storage quota on the network (including personal USB Flash Drives). All computer work carried out at school should be performed and saved within the server storage area. Students are responsible for managing folder space by periodically deleting unwanted files. Student folders are not private folders, they are personal, to be used for educational purposes only. While data in these folders is backed up it is the students responsibility to ensure they have a backup of their work. The school does not accept responsibility for a failed backup or unrecoverable data, including on personal devices.
20. If I do not follow cyber-safe practices, the school may inform my parents/caregivers. In serious cases, the school may take disciplinary action against me. My family may be charged for repair costs. If illegal material or activities are involved or e-crime is suspected, it may be necessary for the school to inform the police and hold securely personal items for potential examination by police. Such actions may occur even if the incident occurs off-site and/or out of school hours.
21. Relevant to any student living in or visiting the Lucindale Area School Boarding House.
 - When in the boarding house students may be in a position of more responsibility than they would be allowed to at school, ie for example they may have access so extra websites to allow them to communicate with home, because of this they shall behave appropriately
 - All other points in this agreement will also be followed at the boarding house.
22. Personal devices or BYO (Bring Your Own) are welcome at the school (when following the relevant school IT Agreement). Please note any damage, loss or wear and tear is covered by your own personal cost and the school cannot be held liable in any way.
23. Due to the range of BYO devices available, support and compatibility with our system is not always possible and cannot be guaranteed. However we will do our best to support you using your device at the school as outlined in the relevant agreements. Please feel free to check with the school on compatibility and suitability of devices at the school.

Lucindale Area School Cyber-safety & IT Use Agreement Form

To the parent/caregiver/legal guardian:

Please read this page carefully to check that you understand your responsibilities under this agreement.

Return the signed Use Agreement to the school.

Students will have access to the schools ICT once this agreement has been signed

I understand that Lucindale Area School will:

- do its best to enhance learning through the safe use of ICTs. This includes working to restrict access to inappropriate, illegal or harmful material on the Internet or on school ICT equipment/devices at school, or at school related activities; and enforcing the cyber-safety requirements detailed in Use Agreements
- respond to any breaches in an appropriate manner
- provide members of the school community with cyber-safety education designed to complement and support the Use Agreement initiative
- welcome enquiries at any time from parents/caregivers/legal guardians or students about cyber-safety issues.

For the Student: My responsibilities include...

- reading this Cyber-safety Use Agreement carefully
- following the cyber-safety strategies and instructions whenever I use the school's ICTs
- following the cyber-safety strategies whenever I use privately-owned ICT devices on the school site or at any school related activity, regardless of its location
- avoiding any involvement with material or activities that could put at risk my own safety, or the privacy, safety or security of the school or other members of the school community
- taking proper care of school ICTs. I know that if I have been involved in the damage, loss or theft of ICT equipment/devices, I and/or my family may have responsibility for the cost of repairs or replacement
- keeping this document somewhere safe so I can refer to it in the future
- asking the Principal/Deputy Principal if I am not sure about anything to do with this agreement.

CYBER-SAFETY USE AGREEMENT

We have read and understood this Cyber-safety Use Agreement and we are aware of the school's initiatives to maintain a cyber-safe learning environment.

Name of student..... Group/Class

Signature of student..... Date.....

For the Parent/Caregiver/Legal Guardian: My responsibilities include...

- reading this Cyber-safety Use Agreement carefully and discussing it with my child so we both have a clear understanding of our roles in the school's work to maintain a cyber-safe environment
- ensuring this Use Agreement is signed by my child and by me and returned to the school
- encouraging my child to follow the cyber-safe strategies and instructions
- contacting the school if there is any aspect of this Use Agreement I would like to discuss.

Name of parent/caregiver/legal guardian.....

Signature of parent/caregiver/legal guardian..... Date.....

PLEASE RETURN THIS SECTION TO SCHOOL AND KEEP A COPY FOR YOUR OWN REFERENCE.
